Members of the Judiciary Committee,

My name is Michael Marek, and I live in Windsor Locks. I am writing in SUPPORT of SB 123 An Act Repealing the Risk Reduction Credit Program. It is time we hold violent criminals responsible for their crimes to the full extent of the law. The predators who are let out of prison early under this misguided program have cause much damage to the peaceful residents of Connecticut. This is common sense legislation that we need now. We have too many violent criminals on our streets, and this bill will be a step in the right direction to rectifying this dangerous situation. If we can finally focus on criminals instead of law abiding citizens who own guns, we can have a real effect on reducing violent crime. Please vote for SB 123, and urge your colleagues to do the same. Thank you for addressing this problem.

Sincerely,  
Michael Marek
