Subject: TESTIMONY in favor of senate bill 123 - eliminating early release of felons

Please be advised that we do not believe the state of CT or any other judicial agency should be providing early release for felons who have been sentenced to imprisonment by the due process of judge, jury, and courtroom proceedings.

The sentences handed down were weighed by a jury of peers and subject appropriate judicial reviews. Once this is complete, then safety of the public should supersede any consideration for the individual whose behavior was originally violating societies principles.

Please be advised that I am in favor of Senate Bill 123: AN ACT REPEALING THE RISK REDUCTION CREDIT PROGRAM. Please consider this as part of testimonial input by both my wife and I on this important current legislation.
