Dear Sirs,

Please accept this letter as evidence of my support of HB 6690. An animal advocate in court can articulate the injuries sustained by the abused animal as clearly they cannot speak for themselves.

An animal advocate can also lend support to the fact that animal abuse is often a precursor to spousal and child abuse and other violent behavior.

I believe that this is an important issue in many respects concerning violence against animals and that the rights of ALL victims involved in cases should be represented on a level that will allow them the justice they deserve.

Thank you in advance for your support of HB 6690,

Christine Penney
