Good afternoon,

I am writing you today to show my support for HB6690. With the amount of evidence linking animal cruelty to domestic violence and murder, it is TIME that we start taking animal cruelty seriously! Having an animal advocate in court will help determine whether or not "the accused" is a threat to society. Furthermore, having an advocate in court could help decide the fate of an animal who is at the center of a custody battle. Let's stop treating animals as "property" and instead, treat them like living, breathing, feeling, beings!!!

I fully support this bill, and hope that it is passed. Let's put an end to animal cruelty, and prevent the escalation to other heinous crimes!!! Pass this bill!!!

Thank you,
