Mr Marinelli,

I am writing to you to show my support for Senate Bill 123 An act Repealing the Risk Reduction Credit Program. I believed this program to be dangerous and irresponsible by our legislators from the beginning. Any criminal has enough sense to fake good behavior to get an early release just to go back on the street to an intentional life of crime. letting them out puts all of us in danger and justifies our right to bear arms to protect ourselves. Total recklessness on all of your parts toward your constituents. the break in in Cheshire and subsequent triple murders are a prime example of criminals getting out early.
