Dear Mr Marinelli

I would like to express my support for this pending legislation (Senate Bill 123: AN ACT REPEALING THE RISK REDUCTION CREDIT PROGRAM). There seems to be no indication that early release has any positive impact on recidivism.

I also believe it says a lot about the Ct legislature that at a time when you are contemplating restrictions on law abiding citizens rights to own firearms you continue to allow convicted criminals to be released into society before they have served their terms.

It certainly says a great deal about whose side you are on in the fight against crime in Connecticut.
