Subject: CT Minimum Wage

Dear Senator Meyer,

As the cost of living increases, it is essential that our wages do too in order to maintain a reasonable standard of living. I hear that at least eight other states have already raised their minimum wages in 2013, and it doesn't seem fair that families in Connecticut are stuck playing catch-up in order to try to make ends meet.

Many of the households in the state including friends of my own are struggling to pay bills as the cost of the basic necessities such as food and fuel continue to rise yet they are often stuck being paid the minimum wage which hasn't been increased in several years.

I hope you will support raising the minimum wage for our working families.

Thanks in advance for your support.

Sincerely,
