**Senate Bill 891 - An Act Amending the
Definition of Managerial Employees.**

To: Labor and Public Employees Committee

Date: February 26, 2013

I am writing as a nineteen-year employee with the the CT Department of Children and Families, the past nine years of which have been in the position of Program Manager.

I understand that SB 891- AN ACT AMENDING THE DEFINITION OF MANAGERIAL EMPLOYEES is being reviewed by the legislature's Labor and Public Employees Committee.

Please note that I am in favor of this bill's passage, in that its amended provisions would extend the definition of "managerial employee" beyond the institutions of higher learning to also include positions such as my own.

Sincerely,

Brian Behmke
