

ELDER HB 5298

To Whom It May concern:

Electromedical Products International, Inc. is the manufacturer of the Alpha-Stim CES device. Alpha-Stim CES has been FDA cleared for the treatment of anxiety, insomnia and depression. CES is currently being consider for reclassification with FDA, and EPI compiled the attached presentation to highlight Alpha-Stim's safety and efficacy in the treatment of anxiety, insomnia and depression. We thought it would be beneficial for you to see other safe and effective non-pharmacological treatments available while you are considering HB 5298.

Thank you for your attention, please do not hesitate to contact me should you have any questions or concerns. We ask that you enter the attached presentation in as part of the record to help establish that there are safe, effective treatment options on the market other than psychotropics and ECT.

Warmest Regards,

epi Scott Elder
