Subject: update of HB 5421,HB5733 & HB6157
Dear Debbie:

As noted in our telephone conversation this morning I tried unsuccessfully to send a message of support relative to HB6157 & HB5733 to Michael Dugan in Hartford, but my computer would not accept Mike's Email address. I tried several times with no luck. My wife tried it a number of times and no luck either. As a result I am now requesting that you send The following message to Mike Dugan:

Mr Mike Dugan please be advised that my wife , Barbara and I, Joseph, strongly support the subject HOUSE BILLS introduced to the State Legislature by Representatives M. Bolinsky and D.Carter of Newtown to define more clearly the intent of HB5421. We feel strongly that the general public does not realize how much vital personal information is available to the public just by going to the Town Clerk's office and asking to see Marriage Licenses and Death Certificates.

In closing:

I Joseph E. Borst

Sandy Hook, Ct.06482

Barbara C. Borst
10 Beechwood Drive
Sanndy Hook, Ct 06482

Request that the CT State Assembly vote in the affirmative on HB6157 & HB5733

Town Clerk @ Newtown - Ct. gov
