Subject: Please don't make the death certificates public

Hi, I am writing to express my support to ensure that the birth certificates of the Sandy Hook victims are kept from public consumption.

Our town and my friends have endured so much in the last 2 months, and access to this information from reporters and producers seeking to write stories and create movies of the week are too much to take.

The victims should not be victimized again by anyone wanting access to intimate details of their deaths. The families need their privacy. It's not too much to ask. Please! We ask this in the names of the Sandy Hook 26.

Thank you,
Kim Haywood
