

I am a pediatrician currently working in Wilton and Ridgefield. I am writing this email to you to convey my strong support for bill #6158. I believe having the choice where to procure our vaccines will ensure better availability of these important vaccinations to our patient population. In doing this, we would be able to avoid shortages and thus keep vaccination rates high in the state of Connecticut.

Sincerely,

Jeanine T. Freliech, M.D.
