

Please support HB 6519 and HB 6527

I am writing to express my strong opinion on GMO labeling in CT. We have a right to know what is in our food and the food that we are feeding our children. This will not stop genetically engineered foods being created, but allow us to make informed choices surrounding what we choose to feed ourselves and our families. I am not ok with my children being the test subjects for these products being created, and feel this is a real infringement on our rights. Please vote for GMO labeling. We deserve it. Our children deserve it.

Please support HB 6519 and HB 6527

Thank you
