

**TESTIMONY OF
CONNECTICUT HOSPITAL ASSOCIATION
SUBMITTED TO THE
PUBLIC HEALTH COMMITTEE
Wednesday, March 20, 2013**

SB 1135, An Act Concerning Nuclear Medicine Technologists

The Connecticut Hospital Association (CHA) appreciates the opportunity to submit testimony concerning **SB 1135, An Act Concerning Nuclear Medicine Technologists**.

The bill requires the Commissioner of the Department of Public Health to report to the Public Health Committee on the issue of licensure for nuclear medicine technologists. As the Committee may know, the scope of practice for nuclear medicine technologists was reviewed during the recently completed Department of Public Health scope of practice review process.

CHA was pleased to participate in the Review Committee and encourages the Public Health Committee to use the findings and conclusions identified within the Department's report, *An Act Concerning the Department of Public Health's Oversight Responsibilities Relating to the Scope of Practice Determinations: Scope of Practice Review Committee Report on Nuclear Medicine Technologists*, if the Committee decides to take final action on this bill.

Thank you for your consideration of our position.
