I am a member of the Friends of Harkness, and have worked in the gardens as a volunteer for 16 years. We don't have many new volunteers, the younger generation are all too busy but we need more help. I noticed today, being our day at the gardens, all the help we had for the summer are gone. Our gardens are monumental to keep tended, and with a few of us, it is impossible. Why not fund more money to help us?..Gladys Stadnick
