

Dear Committee Members:

Thank you for holding a public hearing today regarding public safety and security. While I cannot be at the public hearings today in person, it's important to me that you hear how incredibly important it is for you to propose legislation to be passed that will reduce the amount of guns on our local streets. Less guns and ammunition on our local streets equals less gun violence. It's just that simple. Please help keep our families safe.

I'd also urge you to make the weapon ban include weapons that have only one military style feature as opposed to two and to not allow regular citizens to have magazines that hold more than ten rounds. Both of these bans would never prevent anyone from enjoying the sport of hunting and/or protecting their families, it would just do more to protect innocent lives. Please submit this testimony and thank you for your time.

Sincerely,

Angie Wegner
