

You are no doubt aware of the recommendations made by the bi-partisan task force and by the Governor. BUT ARE YOU LISTENING TO YOUR CONSTITUENTS???. We are demanding common sense gun laws that limit assault weapons, limit ammunition capabilities to 10 rounds and close loopholes that allow gun traffickers to sell guns illegally in my city. I do not oppose the 2nd amendment, but the current legislation is completely unsatisfactory. We are all waiting and watching to see who you vote with. The NRA? Or the REST OF YOUR STATE?

Respectfully submitted,
