

I am writing again to show my Opposition to HB 6251 - AN ACT REQUIRING FINGERPRINTING AND CRIMINAL BACKGROUND CHECKS PRIOR TO THE SALE, DELIVERY OR TRANSFER OF ALL LONG GUNS.

These bills are really out of hand. Everyone who has a pistol permit has already been fingerprinted and background checked. Why is there no exemption for them? Why is there a two week wait for them? Why do they have to jump through more and more hoops to exercise a RIGHT?

Please stop treating all firearm owners as if we were evil. We are not. The horrible actions of ONE citizen do NOT represent the actions or tendencies of the rest of society.

These are RIGHTS we are talking about - not privileges...RIGHTS! Please stop trying to pass laws attempting to chip them away.
