

Coming to Hartford repeatedly is hardly necessary in the age of the internet where we can all make our political goals and the legislation we support easily known via email.

What DOES COUNT is voting, and I and all of my family members (4) will be voting for any legislators we can who support the proposals of CAGV and any meaningful measures ( assault weapons ban, high capacity magazine ban, registration of all guns, VIN numbers on all firearms, Universal Background checks, etc.)

We vote against any of our representatives or senators who do not vote for these meaningful measures.

VOTING IN NOVEMBER COUNTS AND WE MOMS OF THE MARCH WILL BE A GREEN TIDAL WAVE OF VOTERS!
