

Good afternoon Chief Maynard, War Chief and members of the Transportation Committee, my name is Flor Jimenez, I live in New Haven CT 06511. I am here to testify in favor of the bill No. 6037, AN ACT CONCERNING THE ISSUANCE OF OPERATOR LICENSE FOR CERTAIN MOTOR VEHICLE INMIGRANTES.

One reason I think people should get license even if there not born here is because they have kids and they need to go to their work to get money on their tables. I am not just talking for one person lots of my dad's friend don't have license. One day my dad got sick no one was home up set my dad's friend he did not have license he was scares to drive but he did it because my dad could not breathe so he got in his car and drove him to the hospital. That day I was scared because I just have my dad and I thought he was going to pass away like my mom did 11 years ago. My dad's friend had to go to Ecuador because at his job they sent a letter to him that said that he needed to present a license or he was going to lose his job. I am very sad because I miss him and his family.

But today that's going to change; everybody is going to stay up until this really happens.

Thank you so much,

Flor Jimenez
