Subject: Tolls

I clearly remember that the tolls were removed from our highways, because we wanted to accept Federal funds to improve our highways, Now we want to put the tolls up again. I think most of us remember the terrible accident at the Norwalk toll (tanker truck). In Fairfield County, we all experience terrible delays from morning traffic and early evening traffic. If the tolls are to be installed, that should be at the entrance and exist of Ct. Lastly, all of the toll money should go directly to the Transportation commission for road improvements, and not mixed in to the Statebudget, and used forexpenses
