Subject: Tolls

I am writing to present my opposition to tolls being brought forth in Bill 6050 An Act Concern Tolls. I realize other states have tolls and I will often delay trips or conduct business by phone rather than have to be subject to tolls. So what is the impact- I don't buy gas, I don't spend money in restaurants, and most importantly there is an impact on business. Connecticut is a relatively small state and even with easy pass tolls slow the flow of traffic, create pollution with cars idling, and lead to a number of fender benders that I see at toll plaza's in Mass and New York. Connecticut should cut expenses in other areas and not further tax its residence.
