Subject: Proposed Bill No. 103

I am writing to voice my total opposition to Proposed Bill No. 103 which would require cyclists to ride single file at all times. I am an avid cyclist and often ride two abreast. This is only done on roads with wide shoulders or on local, low traffic volume, side roads, and is absolutely safe. I live in Branford and there are many many miles of such roads to ride on in, and around, this area of the state.

I, and all of my cycling friends (members of both the Sound Cyclist Bicycle Club and the Southern Connecticut Cycling Club) urge you to oppose this proposed bill.

Thank you very much,

Gary
