Subject: Tolls

Please DO NOT put tolls back on Connecticut highways. Even though there are express options, tolls are still undesirable. I lived in Connecticut when there were toll booths on I-95. My brother witnessed a car crash where the man inside the car became trapped and burned alive when the car exploded into flames. There is potential danger because drivers change speed and change lanes while being distracted fishing for money or looking for their EZ Pass in the glovebox. Also, the already clogged roads will only get worse. As a citizen of Connecticut, I request they not be re-installed. --Teresa Pesce
