Subject: "Testimony on Bill #6050"

Good Afternoon.

I am writing to let you know that I am staunchly opposed to Bill #6050 regarding border tolls being put in place in Connecticut. My family lives on the border with Massachusetts and we are often "crossing the border." I work in Massachusetts and this would be an added burden to an already difficult financial situation for us. In addition, the traffic at the MA/CT line is already very difficult and I cannot imagine the bottle neck with a toll station.

Thank you,
