 - 2 In line 19, strike the closing bracket and "by posting on the Internet"
 - 3 In line 92, strike the closing bracket and after "state" insert "and by"
 - 4 In line 92, after "posting" insert "the advertisement"
 - 5 Strike lines 105 to 130, inclusive, in their entirety and insert the
 - 6 following in lieu thereof:
 - 7 "(10) If the university designates a project as suitable for a design-
 - 8 build contract, the university may enter into a single contract with a
 - 9 design-builder recommended by a selection panel and selected by the
 - 10 university. The university shall give notice of such project and

11 specifications for such project by posting such notice on the Internet.
12 The university shall establish a selection panel for each project to score
13 the qualifications and past performance of each design-builder who
14 submits a competitive proposal to the university for such project. The
15 selection panel shall score the qualifications and past performance of
16 each design-builder using a predetermined scoring method developed
17 by the university and provided to each design-builder in advance of
18 such design-builder's development of the competitive proposal. The
19 selection panel's scoring method may be unique to each project, but
20 shall consist of combining the score of each design-builder's
21 qualifications and past performance and evaluating the technical merit
22 of the competitive proposal and each design-builder's projected project
23 cost. The design-build contract shall (A) include, but not be limited to,
24 such project elements as permitting, engineering, design, construction
25 and, if applicable, site acquisition, and (B) be based on the competitive
26 proposal submitted by the design-builder that is selected by the
27 university. No design-build contract for which the total cost is
28 estimated to be more than five hundred thousand dollars may be
29 awarded to a design-builder who is not prequalified for the project in
30 accordance with section 4a-100. Such design-build contracts shall state
31 the responsibilities of the design-builder to deliver a completed and
32 acceptable project on a date certain and the maximum costs of the
33 project and, if applicable, as a separate item, the cost of any site
34 acquisition. The university shall determine all other requirements and
35 conditions for such competitive proposals, selection of a design-
36 builder and other awards and shall have sole responsibility for all
37 other aspects of such design-build contracts."
