

MY TESTIMONY IN
SUPPORT OF SB 16 BEFORE THE ENVIRONMENTAL COMMITTEE
ON MONDAY, FEBRUARY 25, 2013

I am in favor of SB 16.

Regardless of any financial burden as quoted that the manufacturer says it will cost them, it will only require one line of four little words. "This packaging contains BPA". Or better yet, "This packaging does not contain BPA". How will those 4 little words cost them an arm and a leg "? I am sure that an alternative from using packaging without BPA is already in production in Europe and the cost is negligible. As the public becomes more and more educated, the product will be more salable by eliminating the BPA.

As a customer, we have every right to know and if it doesn't have those 4 little words we just won't buy it.

Thank you for your kind attention.
