

name is Michael Rak and I live at 27 Black Point Road in Niantic, Connecticut. I am contacting you in support of S.B. No. 915 which would allow Sunday bowhunting in Connecticut. I have been a hunter for over thirty years and feel the time for this bill to pass is long overdue. In brief, I feel that Sunday bowhunting on private land should be left to the landowner to decide whether or not he or she wants to allow it.

Thank you for your time, Mike Rak.
