

I am a hunter and resident of the State of CT. I would like to see the state of CT. pass the hunting on Sunday.

I work construction in the State of CT. in the Fall of the year I am working on Saturday, and every day of the week.

We are trying to finish jobs before winter.

So to make a long story short I do not work on Sunday that would be the only day I would have to hunt.

I am in favor of hunting on Sunday

Thank You

Rich Ferguson
