(As Amended by Senate Amendment Schedules "A" and "C")

"AN ACT CONCERNING CONNECTICUT'S CLEAN ENERGY GOALS."

1 Strike everything after the enacting clause and substitute the
2 following in lieu thereof:

3 "Section 1. (NEW) (*Effective from passage*) Between May 1, 2013, and
4 December 31, 2016, inclusive, the Commissioner of Energy and
5 Environmental Protection, in conjunction with the procurement

6 manager, shall at least twice, in coordination with other states in the
7 ISO-New England region, or on the commissioner's own, solicit
8 proposals from providers of Class I renewable energy sources
9 constructed on or after the date of such solicitation. If the
10 commissioner finds such proposals to be in the interest of ratepayers
11 and consistent with the policy goals outlined in the Comprehensive
12 Energy Strategy and section 129 of public act 11-80, the commissioner
13 shall direct the electric distribution companies to enter into power
14 purchase agreements from such proposals for energy, capacity and
15 environmental attributes, or any combination thereof, for periods of
16 ten to twenty years, inclusive, for not more than four per cent of
17 electricity demand of all customers of electric distribution companies
18 to comply with all or part of the renewable portfolio standards
19 obligations of the electric suppliers and electric distribution companies
20 pursuant to this section. Such agreements shall be subject to review
21 and approval by the Public Utilities Regulatory Authority. The review
22 shall commence upon filing the signed power purchase agreements
23 with the authority and shall be deemed complete not later than thirty
24 days after such filing. In the event the authority does not issue a
25 decision within such thirty-day period, such agreements shall be
26 deemed approved. The costs of such agreements shall be recovered
27 through a fully reconciling component of electric rates for all
28 customers of electric distribution companies. Such costs shall include
29 reasonable costs incurred by electric distribution companies pursuant
30 to this section."

This act shall take effect as follows and shall amend the following sections:		
Section 1	<i>from passage</i>	New section
