Kirstin,

Yes, that is the correct regulation no. DOH respectfully requests a 60-day extension for the resubmittal of the Regulations (from the August meeting) in order to complete the revision process. We intend to work closely with Brad to cure the deficiencies identified in the letter and provide the revisions to those individuals who commented on the Regulation so that they can review and provide us with any comments on our proposed revisions. Thank you for your assistance on this.

Amy,

Please feel free to use this email address to contact me should you have any questions or need anything. I believe the regulation you were referring to is 2013-013 and appeared on the June 25<sup>th</sup> agenda but was rejected without prejudice.
