

SB 72

Dear Members of the Environmental Committee,

I have seen the destruction of the *Phyllostachys Aureosulcata* in areas of Connecticut.

The Bamboo has reached my location and we cannot forget the existing bamboo that is causing the problems we have.

I would like the new bill to included, (the Bamboo is to be setback 40 feet from the property line).

Thank you very much for the opportunity to bring this issue to your attention.

Sincerely,  
Wendy Reade
