

WRITTEN TESTIMONY OF SEAN CORVINO (YWNMWR) BEFORE THE CONNECTICUT GEN.
ASSEMBLY ENVIRONMENT COMMITTEE February 28, 2014 Senate Bill 237 AN ACT PROHIBITING THE
STORAGE OR DISPOSAL OF FRACKING WASTE IN CONNECTICUT

Thank you the for the opportunity to testify.

As you know fracking waste includes toxics and radioactive substances and has had disastrous consequences in Pennsylvania and Ohio. We must protect our precious water systems!

Alternative renewable energy sources MUST be subsidized and encouraged by our governments. FRACKING is another huge misstep in our nation's energy policy. Fracking contaminates GROUNDWATER supplies so communities then have to PURCHASE BOTTLED WATER STORED IN PLASTIC BOTTLES?!

Public water supplies must remain clean and free of toxics.

FRACKING WASTE? NUCLEAR WASTE? ELECTRONICS WASTE? PLASTIC WASTE?
GOVERNMENT WASTE?

Time to RecEYEcle all this WASTE! And STOP investing in the energy systems that CREATE problems of TOXIC WASTE.

SOLAR FARMS (and other renewables) will provide all the clean renewable energy we need. Start BUILDing the INFRASTRUCTURE to distribute and store the juice!
