

I would like to speak in favor of this bill in some form. Even though I live in Bloomfield, I go there occassionally to walk, and I take out-of-state guests there, because it is such a lovely trail and is not difficult walking for older people. I do not believe eminent domain should be involved, but I do believe it is worthy of the use of state resources to preserve and expand it.

Sincerely,

Elizabeth L. Baumbach
