ENVIRONMENT COMMITTEE

March 7, 2014

As the Mayor of the City of Torrington, I wish to express my support for **S.B. 306 - An Act Allocating Funding For The Provision Of Potable Water To Certain Communities And Reauthorizing The Commissioner of Energy And Environmental Protection To Provide Potable Water To Communities Under Certain Circumstances.**

I am in full support of this proposal and know that it would not only help several residents of Torrington but in several other municipalities around the state as well. Hundreds of homeowners across Connecticut have relied upon the efforts of DEEP over the past several years to help ensure access to clean and safe potable water. Recent legislation to end these efforts has left several residents fearful that they could now be exposed to harmful contaminants.

I urge your support of this extremely beneficial piece of legislation. It is critical that DEEP resume their actions of helping to provide potable water to communities affected by contamination.

Therefore, I strongly encourage your support of HB 6360.

Sincerely,

A handwritten signature in blue ink that reads "Elinor Carbone". The signature is written in a cursive, flowing style.

Elinor Carbone
Mayor
