

House Bill 5408

I'm writing today as a 36 year resident of the Whitneyville section of Hamden, a neighborhood where street trees are vital. Please consider including in House Bill 5408 the following requirements:

- 1 - written consent from homeowner for tree removal by the utilities
- 2 - stump grinding by the utilities
- 3 - a performance bond for work done by the tree pruning/removal company

Sincerely,

Janet Kazienko
