Testimony Supporting House Bill No. 5311

AN ACT RAISING THE THRESHOLD FOR STATE CONSTRUCTION CONTRACTS REQUIRING THE APPROVAL
OF THE DEPARTMENT OF ADMINISTRATIVE SERVICES AND REQUIRING THE APPROVAL OF THE OFFICE OF
POLICY AND MANAGEMENT

Senator Musto, Representative Jutila and distinguished members of the Government Administration and Elections Committee, thank you for the opportunity to offer testimony on House Bill No. 5311, An Act Raising the Threshold for State Construction Contracts Requiring the Approval of the Department of Administrative Services and Requiring the Approval of the Office of Policy and Management.

This bill would increase the construction cost threshold from \$500,000 to \$1,000,000 for an executive branch agency to manage their own project with the approval of the Department of Administrative Services. The increase will more accurately reflect the current costs of construction as this threshold has not been modified since 1987. The bill also adds another layer of oversight for certain projects by requiring sign off from the Secretary of the Office of Policy and Management in addition to the Department of Administrative Services. In short, the bill will allow state agencies to manage more building projects on their own resulting in a more expedient and streamlined process for them and the State.

I would like to again thank the committee for the opportunity to present this testimony. I respectfully request that the Committee support this bill and I will be happy to answer any questions you may have.
