RE: Bill SB 274

To Melissa Ziobron, State Representative, District, District 34, CT:

Please support Bill 274 today. The election certification requirements (or any other election requirements for that matter) should be the same for minor party candidates as they are for major party candidates. It is essential for the democratic process to ensure equal access to the ballot and equal treatment for all. Please support the revisions put forth for these requirements so that this will become a reality for all. Support Bill SB 274 today. Thank you.
