

To Whom It May Concern:

I am a Meriden resident who was a former Ace Oil prepay customer. I have a prepay program with Roman Oil Company. I buy my oil in advance because I do not want to be hit with a large bill in the winter. I also feel comfortable knowing what my price of will be ahead of time. It is helpful for me to budget my finance. One year I purchased prepay and saved a \$1 a gallon which was a savings of \$700.

I am asking you not to create a law that would make prepay programs so expensive I could not afford to participate. Please enforce the existing laws without making us pay more. Please don't take away our option to prepay by making it so expensive for companies that they can no longer offer them to their customers.

Thank you,

Audry Hollman
