To Whom It May Concern:

It is my pleasure to share with you how immensely rewarding being the Adult Basic Education teacher for the IBEST Certified Nursing Assistant class at New London Adult and Continuing Education has been. IBEST is a true vehicle for our students to realize a goal, and become professionals in the medical field. I am impressed by the student's courage and perseverance in the face of their daily struggles and difficulties, both educational and personal. For some of our students it is the first time they have completed something of value so earning their CNA certificate is an accomplishment they are especially proud of. It is a privilege to be a part of our students path to success, not only theirs, but their family's as well.

Best regards,
Sara Weeks
