To whom it may concern,

My name is Tara Earley. I am 30 years old, and a mother of three. I am taking this class to ensure my future, as well as my children's. I know I will always have a job as a Certified Nursing Assistant. My children depend on me to provide for them. If it wasn't for the I-Best Program, I would not be able to take this class, and would continue to fight for employment in the minimum wage world. I am very pleased to be in this class, and appreciate it as well. I believe this is a great way to get people in a decent lifestyle, and not struggle so much. I think there will be less money given out in other programs, such as welfare and unemployment, if there continues to be opportunities like this. I have learned so much in this class, and can now help others through this great experience. I would like to use this opportunity as a foundation to further my training in the future and become a nurse someday. I hope you continue to fund these types of programs so others can have the same advantages.

Thank You
Tara Earley
