**Cc:** Rep. Backer, Terry  
**Subject:** Request to Sue the State of Ct.

Dear sirs,

I would urge the Judicial Committee to allow Charla Nash her day in court. Let the judicial system make the decision as any one individual would want.

If someone within the State of Connecticut was derelict in their duties to protect the citizenry, then we should be responsible and address the matter.

If we become/are the state that just collects fees and licenses without the administrators performing their jobs, then the business community and all will suffer - we can't afford that reputation.

Regards,  
Howard Soderberg
