To Whom It May Concern:

I, Angela Hickman of Westport, CT, hereby expressly retract the statement made by me in a letter to the State of CT Legislative Committee on Guardian Ad Litem reform, in which I stated that "Attorney Mary Piscatelli Brigham is attempting to do to me what she has done to so many other mothers – take away sole legal and physical custody and give the children and custody to a convicted abuser". Said statement was made in error.

Thank you.
