

Bill # 259 PH 3-12-14

The proposal to cut "drug free zone" areas from within 1,500 feet of a school, day care, or public housing complex, to within 200 feet should not be passed. Let me say, if I had children walking past any of these facilities

I would very concerned. Some children do have to walk to school and the distance they are required to walk should be the drug free zone distance.

Respectfully,
