

Rick Mayer support SB 46

Dear Children Committee:

As a father of five children who love to be outdoors and play outdoor sports, I urge you to please support SB-46 to ban lawn pesticides on high school grounds. I am very concerned about Connecticut's children being exposed to toxic lawn pesticides and am very pleased that Connecticut now has a law prohibiting the use of toxic lawn pesticides at day care centers and school grounds with children through grade 8. But why are our young people not protected in other places like high schools, parks, playgrounds, municipal sports fields and town greens where they are involuntarily exposed to toxic chemicals that cause harm? Please support legislation to protect Connecticut's children wherever they may be exposed to toxic lawn pesticides.

Thank you for your consideration of this important matter,

Sincerely,

A handwritten signature in black ink that reads "Rick Mayer". The signature is written in a cursive, slightly slanted style.
