

My name is Matthew Sarti. I am a Vista Outreach member and I live at 16 College Street in Clinton, CT. I am an employee of Vista Ventures. I make medical drawers for the hospital.

The thing I like best about my job is that I am one of the best at it. It keeps me busy and I'm helping a lot of people. I'm proud of my ability to earn money. I do about 5 or 6 or 7 drawers each shift. They never tell me to work faster. If they did that, I'd try... but I'm working as fast as I can.

If I didn't have this job any more, I'd miss it. I'd feel very, very badly about it. I have no other paid job. And I would miss the money a LOT.
