RE: HB5314

March 6, 2014.

My name is Cynthia M Graziano, Treasurer of Paul Dinto Electrical Contractors, Inc. an electrical contractor residing at 121 Turnpike Drive, Middlebury, CT 06762

I am writing this letter to express my support for HB 5314, which would use \$60 million of the projected state budget surplus to be used to pre-pay the balance of the interest owed on funds the state borrowed from the Federal Government to keep Connecticut's Unemployment Compensation system afloat.

In the state of Connecticut our unemployment compensation taxes are extremely high and are a major cost factor in our business plans. In addition to our unemployment taxes, we are also paying a federal tax that increases every year, plus special assessments each July. This burden bears heavily on the business owner in the State of Connecticut.

We urge you to support HB 5314 because it will benefit Connecticut's economy, our business, possibly promote new business in the state and prospects for more jobs. Thank you.

Very truly yours,
Paul Dinto Electrical Contractors, Inc.
