Subject: Support Retirement for All!

Everyone deserves a secure retirement. I have 2 adult daughters who do not have any retirement savings other than Social Security. One is working regularly, but only part time, therefore no pension or other benefits. The other has not worked regularly for quite a while during the current recession, but did for the prior 20 years. Lots of jobs in different industries, but no pension. My daughters need to have access to a public retirement plan to be able to try to put whatever they can towards their retirement.

I am retired and have 2 pensions, but even the companies I worked for, no longer offer these.

I urge you to institute a public pension plan that is transportable.

Thank you,

George Bossers
