Subject: Support Retirement for All!

Date: March 3, 2014 5:16:22 PM EST

Dear Sir or Madame,

I am writing this letter as a concerned CT citizen and registered voter. I am very concerned about the retirement situation in this country. Many people are unprepared and underserved. Large companies have eliminated pensions in return for long term employee loyalty and more of the burden has been pushed off to individual workers and their families. The large wage divide in this country only exacerbates this problem.

We need to fix our pension system and a low cost, well run public state run trust fund is a viable option and a step in the right direction. This provides more access to retirement savings and more competition, which is good for everyone.

Support a public retirement savings plan. Everyone deserves a secure retirement!

Sincerely,

Scott Schweizer
