

AN ACT CONCERNING A STUDY OF A STATE-WIDE PROPERTY MAINTENANCE CODE

This proposal calls for a study to see if a statewide property maintenance code will work in Connecticut. Section 103 of the International Code Council's Uniform Property Maintenance Code allows for fees to be charged in conjunction with the code.

SECTION 103.5 OR ANY OTHER SECTION THAT ALLOWS FOR FEES TO BE CHARGED MUST BE REMOVED FROM THIS OR ANY OTHER MAINTENANCE CODE THE STATE MAY ADOPT.

Connecticut is a state of high taxes and burdening fees. Put a stop to it now.

Sincerely,
